

Colt PrizmNet Brexit and Colt Capital Markets

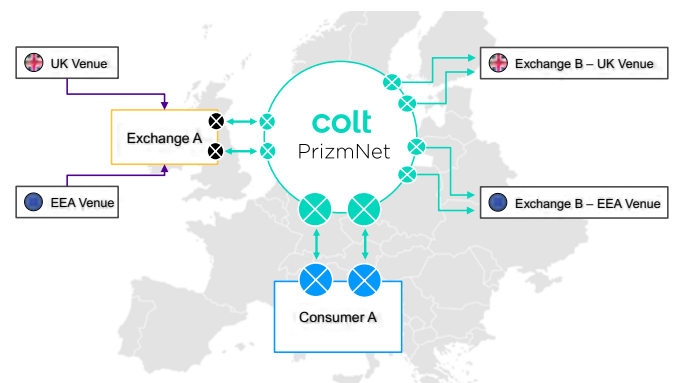

Global network connecting the world's financial hubs

- Extensive network in Western Europe, covering all key financial centres
- 14 local European offices
- Owns and operates metro networks in all key European hubs

How can Colt Capital Markets help?

- We provide seamless services across Europe, with local entities in European markets
- Support for connectivity requirements in continental Europe – fully owned metro networks
- 29,000+ connected buildings globally
- The ability to trade on EU27 exchanges after Britain leaves the EU
- Euro denominated securities are now required to be traded within the EU27. Prompting a once in a generation shift in liquidity from London to continental markets

- As a result, exchanges and MTFs have been implementing contingency plans with new venues opened in the EU27. We have seen particular interest in Paris, Amsterdam, Frankfurt and Dublin
- Colt can provide you easy access to all new venues, with teams on the ground in all major locations providing specialised local language and regulatory support. For more information please contact us at CapitalMarketsSpecialistSales@colt.net
